The e-mail Newsletter works as follows:

We implement a 'sign-up' space on your website home page, where clients can sign-up to receive latest info and latest news, weekly, bi-monthly or monthly.

You decide on a template format, and when ever you want, you send us information for the newsletter template (Articles, Product Info, New Products on the market, New Testimonials, Pictures, etc.). We place it professionally in the chosen template for you, send it to you for approval and once approved, we e-mail it to all on your database.

That easy!

It is a professional E-mail Newsletter, which links up to your website. It is not heavy to download at all. It comes up as part of an e-mail.

It is a great way to get people to your site, and for them to be kept up-to-date about your business.

It costs R 1 000.00 to set up, R 225.00 for the chosen template, and R 75.00 for each new Newsletter designed.

This is a fantastic easy marketing tool used to boost your business.
